## FOR GUESTS VISITING JAPAN FOR JALSA SALANA

- **Insha Allah** the 26<sup>th</sup> Jalsa Salana Japan is scheduled to be held on 12,13 May 2006. Here is some information for guests to make their stay in Japan before, after and during Jalsa more convenient.

The Headquarter of Jamaat Ahmadiyya Japan is located in Nagoya city, about 350 KM South of Tokyo. Jalsa Gah is a rented premises some 7 KM away from the Headquarter Nagoya City. Nagoya has international airport with direct flights from many countries. It will be convenient and economical to arrive directly at Nagoya International airport, But you can either arrive at Tokyo International airport Narita or Kansai Airport (Osaka). Both the cities are far from Nagoya and there is a possibility of getting connecting flight to Nagoya.

Accommodation is about 5 KM away from Jalsa gah and Mission house, there will be an arrangement of transport in between accommodation and Jalsa gah ,during the 2 days of Jalsa. You are required to bring in only personal belongings.

You are requested to choose **Nagoya Airport** (for details, see at the back) as your final arrival destination. The guests who inform us their arrival schedule in advance will be received at Nagoya Airport or railway station.

Before and after the Jalsa, guests can stay at hotels (paying their own cost which is approximately 5000 Yen up per day). However for a limited number of guests ,who inform earlier (10 days in advance) arrangements will be made to stay at homes of Ahmadi brothers in and around Nagoya. If the guests have friends or relatives in Japan they can make arrangements to stay with them.

Jalsa kitchen ( Langhar ) will provide Breakfast, Lunch and Dinner at Ahmadiyya Muslim Center and Jalsa premises during hospitality period. Guests staying with friends or relatives will be entertained by them. Nagoya has all kinds of foods available for many tastes. You may entertain

yourself with your favorite food and taste at restaurants all over the city and enjoy Japanese hospitality too. Only problem is that menu is almost in Japanese and usually staff speaks Japanese only. More over Japan is one of the safest countries in the world. However it is always safe to take care of you belongings.

Nagoya, Tokyo, Osaka and many other cities have subway train system, which is convenient and safe. If you plan to travel by train (Japan Railways connect all cities and areas of Japan) then it is very economical if you bring Japan Rail Pass from your country. This pass cannot be purchased inside Japan. Japan Rail Pass cannot be used on subway trains or on private railways. It is used on Japan Railways (JR). Some of the volunteers may be available with transport to entrain you for sightseeing in and around Nagoya and Tokyo after Jalsa.

Weather at the beginning of May is warm in the day but cool in night. It may become too cool. So bring Jacket or sweater.
